DETAILED ACTION

Allowable Subject Matter

1. Claims 11-19, 24-31 are allowed.
2. The following is an examiner's statement of reasons for allowance: although the prior art of record discloses a clock receiver having more than three transfer gate for providing equally differential output clock signals, with respect to claims 11, 19, 24, 25, 30, and 31, in addition to other limitations in the claims, the prior art of record fails to teach, disclose or render obvious the applicant's invention as claimed, particularly the feature describing the receiver circuit converting the first clock signal and the second clock signal into respective inversely equal clock output signals having voltage levels different from voltage levels associated with the received first and second clock signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
